

## Equipment & Tool Installations, Repairs, Consultations and Recommendations

**Our experienced and highly trained staff provides a full range of equipment and tool installations and repairs so you can avoid down time and enhance the safe operation of your tools and overhead lifting equipment!**

### Why Choose Zo-Air?

- We only use genuine OEM (Original Equipment Manufacturer) replacement parts
- We provide rental options as you await the repair or installation of your new equipment.
- Our repair warranty is 90 days for labor and typically 1 year for parts

### Our Repair Process is Simple

- We can pick your tools up or drop them off at our location noted below.
- Once your tool is received, our technicians disassemble and evaluate it for worn or damaged parts
- Once evaluation is complete, a repair price quotation is created and sent to you for review and approval.

### **Consultations and Recommendations**

At Zo-Air, we have a wealth of knowledge about the tools and equipment used in your industry, as well as the latest products that are available for purchase. We'd be happy to provide a free evaluation of your needs and guide you to the best products available for your company.
